EXPORT COMPLIANCE AND NON-DUAL USE STATEMENT

Dear Business Partner,

Due to the recent and ongoing changes in the European Union regulations and sanction lists, we see a high importance of raising awareness and securing compliance with all applicable export and sanctions regulations by our Business Partners. VitalScientific requires therefore its Business Partner to read and respect our below statements:

- All VitalScientific products are intended for medical purposes only,
- It is prohibited to use our products for any war and/or military purposes or in similar context,
- It is prohibited to (re)export and or transport our clinical chemistry analyzers (entirely or in parts) to sanctioned countries, such as but not limited to:
 - Russia, as per Regulations (EU) No 833/2014
 - Belarus, as per regulation (EC) No 765/2006
- All products developed, manufactured and/or sold by VitalScientific do not appear in the list of dual-use items as per Regulation (EU) No 2021/821 and are to be treated entirely or in parts as medical devices,
- Non-compliance with any of above may result with an immediate termination of our partnership

We trust to have you duly informed and we rely count on your full compliance. In case of any questions please contact our customer care team.

Yours sincerely,

H. Munnik
